Greetings Sam:

6-3-06

And many respects to you and yours
I want you to know, I cant really say
what I'd like to, if I did the mail staff
would throw my letters in the circular file.

I'd rather write to an attorney, that I
could write in confidential, in hopes you
would get the letter. So if you have a
legal representative, send me his name, or her
address, and or if you have an attorney friend,

Sam, we need unity in Fellowship.

I would be happy to read or somehow
knowing that an association occured with
the Frontiersman and the minuteman,

Chris Simcox is right there in Arizona
would you send me the address, the prison
will not allow the minutemans news letter in
the prison system.

Now, there is purposed legislation that
will allow police to come into our homes
and search without probable cause.

I got 20 years to life in a wrongful conviction
I acted to protect my 9 year old son from
being killed. by his intoxicated baby killing mom
who was mad at him for breaking a window.

Seeing her wrest him into harms way, was
shocking to see my son about to be killed, it was
like a shocking video in my mind, a picture of
my son laying on the floor with the corner of
the sofa embedded in his fore head, and his

eyes closed, this was a traumatizing shock to me. I Re-acted to Stop it from happening.
Standing UP.

Sara, the lies came in when my kids lied and said they seen me stab my wife in a downed Position.

Pathologist report describes the wounds coming from the left side of the body going from the back towards the Front.

if a body is laying down on their back. you cannot stab from the Front and have the entry point come from the back, thats the First lie.

My point is, the prosecutor twisted the Story and ignored the truth.

Same the reason I expose this to you is, if I was to write a book I'd call it. ————

RAPE D

INJUSTICE

Terrorism

the importance of this is when the government can rail road a person in an oppressed Prison, wrongfully convicting

them, the pain sorrow and suffering is what influences.

the Hate, Anger, that compells a person to act in such an extreme. even to the point of perfecting Acts like the Oklahoma City Bombings. 9/11, being a Suicide Bomber,

the injustice is what makes a person so Angry and mad. they become Hosted with the evil desire for vengetful tactics this tempted influence is in extreme.

Where as President Bush deClared war on the Axis of Evil.

there are people who has deClared war on the Axis of the Earth.

extreme

Game Over!

if you think about it, if the rotation of the earth on its Axis was impacted, by synchronized strategic locations where natural gas pockets were detonated. at the same time, near ~~lots~~ Faults and Valcanos. perilly devastating stuff.

that is the extreme tactic and if 1 person perfects that into a planned suicidal opperation.

then it is every Frontiersman every Minuteman and every Human being alive to Pervent that evil from happening.

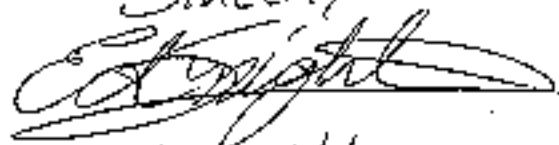

that gose along with showing how the
Corrupt legal System routinely Chara's out
people impacted by their evil injustice.
People Hate Americans all over the world,
and mean us Harm, because of their
Jealousy and oppressed injustice,
you can print this letter if you want and
any name and address.

We dont only have a threat of the spread
of a viral Bombers pandemic.
bring the world to an end, by a terrorist
act, caused by ungodly men bent on revenge,
until next time if there is a Next time after
6-6-06
the next date of importance is 7-7-07,

by the way I was convicted in Kern county
Bakersfield, wrongfully, see John Stoll.com.
he recently won a settlement for 750,000 for a
wrongfully conviction, for the same tactics used in
my case.

Maybe Sam you can help to expose the truth
my case, and help me to raise money for a
legal fund to pay an attorney... Kent Russell
out of Sacramento. Please help.

Sincerely

Ed Knight.
