

Greetings Sam:

Thank you for Jim Gilchrist info. and I would be thankful if you did put my letter and address on the web.

Sam, do you know who Bruce Sons is? He shot and killed a C.H.P.

After the chip attacked him.

Just to show you how corrupt the Kern Co Calif court is in Bakersfield.

the Prosecutor Lisa Green, hid a report about the chip being on probation for violent attacks and provoking violent situations.

instead prosecutor portrayed this officer as an up standing officer with No perpensity for Violence.

it took Bruce to find the evidence of that report.

He filed appeals & writs and his conviction was finally over turned.

He got a change of venue and was re tried in Santa Maria.

I have No idead of what their out come was or who the attorney is

I do know he is suing Kern Co
because of what the Prosecutor has done.
Can you find any info out about that?
in my case.

My trial attorney Flat out said,
"I will not bring up anything in Cheryl's Past
that will dis-respect the dead."

perpensity of Violence should have been a
part of my Defense or Another defense.

When there is Hospital records and Police
reports about Her going to a hospital in a
drug over dose, and a mis carriage of a
baby, that was turned over to the ventura
Police, the baby died due to drug complications.

this shows a Ruthless disregard for a
Childs safety, that killed, murdered a
baby.

Sam, I did not get a fair trial
I know, None of this, is None of your Problem

but
I cant get help from anywhere else.
and I pray you will help my son and
I. and by you and Jim Gilchrist
Maybe the unity together can help. call
Jim because I asked Jim to call you too
you might be interested what I said to him
about immigration.

My trial attorneys name is Dana Kinnison and he is with the Bakersfield Kern Co. CA. Public defenders office.

Sam. I recently ask the court for the appointment of an attorney. they referred the request back to the public defenders office.

for Proper consideration & recommendations.

the Head guy there his name is Mark Arnold. tele phone # is 661-868-4799.

if you called them, and ask

Why? I was Not given fair adequate representation
 Why trial attorney. Neglected his duty to obtain the D.N.A. to refute the False charge by Melissa Thompson,

and knowing she lied in several different aspects in the whole case.

Also why did the trial attorney fail to show the Perpensity for Violence against a child,
 to show ~~the~~ Ruthless disregard for a childs Safety,

even when there was Hospital records and Police reports that showed she took drugs that killed a baby.

Sam this would show that a Public

activist group is aware of the gross miscarriages of justice our government is inflicting on its people.

Not Honoring the truth but by advocating false mis-leading lies.

it would even be more helpful if you talked to Jim, and ask him to call as well. Jim & his son has been torn apart by a divorce, only he can still be seeing his son.

this is a major Fathers rights issue. From the start...

but on that terrible day it was an act of protection, to stop my son from being killed by a baby killer.

Women can be Ruthless deadly Killers too, in fact she was a marks man who could hit 32 out of 35.

She just didnt care about the kids any more. she changed her life style using drugs again and working at a bar, prostituting, for drugs & money. pathologist report shows a phone # written on her hand. I bet it was a trick, from the bar.

Im sorry, it is the sad tragic terrible truth. and even still her down trodden life style was not cause to be killed for.

and I guarantee you it was not that.

Sorry, this letter is so long, and I pray you will help. not only for the truth in justice but for my sons sake, it could help him out of a depressed suicidal tendency.

Sam, I promise this will Not embuss you or the Frontiersman, this is the truth.

that's why it is so important to scream it from the roof tops, to expose the Further corruption of Government Prosecutions of its own citizens based on False lies.

that's why I ask you to bring Willie Nelson, who was involved in a protest 6-13-06 where Joan Biazio was arrested, in California.

Will you give me his contact info. real address. Will you contact him too? See News reports for 6-13-06

Woody Harrelson; too his dad is in prison

I'd like to contact him to get support for the legal defense and Request of him to Mentor my 12 year old son, maybe his positive influence can be what helps to prevent my son from committing suicide.

~~Jesse James, of Monster Garage + west coast choppers,~~

he married Sandra Bullock.

together with

Brad Pitt + Angelina.

this will bring a massive exposure

Sandra and Angelina, wont like me Killing a woman but, the more important thing here, is

Women + drugs, women + abortion women + child abuse
Women - and - Domestic violence.....

My case Proves, its just not a gender thing. it is a matter of conflicts between Good + evil,

and together in unity as Americans we must come together with a Loud Active

ROOARR - ing Voice.

Sam talk to Jim Please, and review the letter I wrote to him. and please Know,

I have strighten my life out
from 1989 til 2003. before that, yes I had a
lucky past,
but I changed for the better.
I was not out there perpatrating crime.
I was a working stiff, being a parent trying to
give my kids a good life, I did not have.
So by you contacting willie-Nelson-ask Willie
to call on his Buddy Merle Haggard, he is
From Bakersfield, also!
Sam, every second counts too
because my sons welfare depends on it.
I am telling you the truth,
this needs to be exposed and advocated
in a big way.
like going to the Public defenders office
with a show of support to correct this
gross mis-carrage of injustice,
and Hope an pray the Kern county Sheriff's
do not contaminate the evidence with evidence
tampering,
Brad Pitt is back in Malibu, and Angolina is an
Activist, you see the Public defenders recomendation
is what is important, and or gain enough support
to pay an attorney, then heck with the public
pretender. if I got an attorney then it can really
be exposed.
if we had a legal Defense web page to raise money
to pay attorneys... Sam will you help?
also there is a Steve Chapin of Pro tech this company is in
Florida. He monitors child molesters. His GPS system is not Full proof.
my G.P.S.S.P.S. system is. will you send me his contact info. Please Thank you
Eddie Knight
